Welcome

Welcome to the newly designed ABCmouse® for Schools teacher experience! Use this guide to help you plan playlists and ABCmouse Learning Activities to present to your students; teach small- or whole-group instruction; and monitor student progress—all from one easy-to-use teacher interface.

ABCmouse for Schools Teacher Experience

Whether you want to present to your class or assign homework to your students, the fully redesigned ABCmouse for Schools teacher experience enables you to do it all from one easy interface.

Features include

- Plan–Build, plan, and assign playlists to add to your instruction
- **Teach**–Teach and present playlists and ABCmouse activities to your students
- **Monitor**–Monitor individual and class progress to ensure your students are meeting weekly and yearly goals

Additional content and tools

- **Classroom Management**–Manage your classroom preferences, including set Learning Path levels and more
- **Communicate**–Send invitations and lesson reminders to students and their families in English or Spanish
- **Support**-Access support tools at any time, including how-to videos and FAQs
- **Student Login**–Log in your students directly from your ABCmouse for Schools Teacher Homepage

🕑 Log In

Easily log in to your Teacher Homepage to get started.

- I. Go to www.ABCmouse.com/globalschools.
- 2. Enter your username and password and click Log In.

You can also log in to your ABCmouse for Schools account through ABCmouse.com. Just go to www.ABCmouse.com and log in. Go to the **Options** menu at the bottom left corner of the screen and click the **Teacher** icon to get to your new Teacher Homepage.

Log Out

- I. From any place in your ABCmouse for Schools account, go to the navigation bar and click your teacher name and Avatar.
- 2. In the drop-down menu, click **Log Out**.

Use the Plan section to view, build, and assign playlists to meet your teaching objectives. You can edit or delete your playlists, see when they were last modified, and show them in the Teach section to present them during small- or whole-group instruction.

Features

- **Playlist Library**–View a list of all your playlists to plan your lessons or assign them to your students at any time
- **Build Playlist**—Create as many playlists as you need to meet your teaching objectives and add to your instruction

Solution Build Playlists

- I. On the Homepage, click Plan. The Playlist Library opens.
- 2. Click Build Playlist.

 To search for specific activities, enter a keyword or title in the Search bar, or use the Level and Activity Types filters to customize your search.

- 4. To add an activity, click the + icon. Before adding an activity, you can preview it—just click the Play icon in the activity.
- When done, click View Selected. Here you can view, organize, or remove an activity from the playlist. To remove an activity, go to the activity and click the – icon. If you want to add more, click Add More at the top right of the page. Use the crossed double-ended arrows icon in the activity to reorder them.

6. When done, click **Save Playlist**. You can name the playlist and add a description before saving it to your Playlist Library.

View Playlists

- I. On the Homepage, click Plan. The Playlist Library opens.
- 2. Click the playlist you want to view.
- 3. To preview an activity, click the **Play** icon.
- 4. To close the activity, click ${\boldsymbol X}$ at the top right corner of the screen.

If you don't have playlists, go to the **Plan** section and select **Build Playlists** to create one or more to assign to students or present in class.

Additional Tools and Troubleshooting

In addition to providing an easy way to plan and teach ABCmouse content and activities and monitor student progress, the ABCmouse for Schools teacher experience offers a line of support and management tools to give you answers when you need them most.

Topics include Classroom Management, Communicate, and Support and additional subtopics that cover everything from setting Learning Path levels and managing family invitations to sending lesson reminders to your students and learning about the ABCmouse curriculum.

Classroom Management

With Classroom Management, set Learning Path levels for you and your students, update student profiles, print student lists, and much more!

- Set Learning Path Levels
 - I. On the Homepage, go to Classroom Management and click Set Learning Path Levels.
 - To change the level for individual students, all students, or yourself, click < or > in the correct line item until you get to the preferred level.
